Book Orders

Scholastic book orders will be sent home every month or so. Book orders are a great way to promote the importance of reading to your child. Scholastic offers a wide selection of books at excellent prices. When a book order is sent to Scholastic, the teacher receives bonus points. I use the bonus points to order books for our classroom library. Scholastic awards the highest amounts of bonus points for the first few book orders of the year. If you decide to order, you can pay by cash or check. **Checks should be made out to Scholastic.** Book orders for September are due on September 16.

Free classroom books received from a previous September order.

Sweatshirt

It is a good idea for students to keep a sweatshirt at school. They can put it on for a cool recess or if they are chilly in the classroom.

Math

Math homework will be sent home around three times a week. Students should complete the assignment and bring it back to school the next day. The pages in the students' math books do not tear out. When students finish their first math book this winter, they will bring the whole book home. Students will bring their second math book home at the end of the school year.

Pencil Sharpeners

Students are allowed to have hand pencil sharpeners. Hand pencil sharpeners should be the type that catches the shavings.
