## A Book for Parents

For any parent who wants to help their child improve their **reading comprehension**, but isn't sure of the BEST ways to do that, I recommend 7 Keys to Comprehension by Susan Zimmermann and Chryse Hutchins. It is available from Amazon for \$10.

## Hi-Tech Show and Tell

The video projector in our classroom is hooked up to my computer, so we have the capability of showing digital pictures on the movie screen. If your child is involved with something special, takes a trip somewhere, etc, he/she would be welcome to show the digital pictures on the screen and tell the class about it. Just send in the pictures on a CD, flash drive or e-mail me a link to a place the photos are stored online (Flickr, Snapfish, etc.)

## Class Web Site

If you have not visited our class web site yet, I would like to encourage you to visit soon. There are many student journal entries posted on the Class Blog page. Also there are 34 pictures posted from the first nine weeks and already 22 pictures posted from the second nine weeks. I also post the class newsletters. The information page usually has upcoming dates to remember, like the upcoming fun swim. I hope you will visit the site often.

## Fun Swim

Our class has a fun swim scheduled for Thursday, November 13. Students will need to bring a swimsuit and towel for the fun swim.
