Field Trip

The second grade field trip to Merry Lea Environmental Learning Center is tomorrow. The forecast calls for chilly weather. We will be outside much of the day, so students will want to bundle up and wear a number of layers. Students need to bring a sack lunch for the field trip.

Fun Swim Reminder

Our class has a fun swim scheduled for Thursday, November 13. Students will need to bring a swimsuit and towel for the fun swim.

School Supplies

A number of students are running very low on basic school supplies like pencils and erasers. Please check with your child to see if he or she needs any supplies. Also, students are allowed to have hand pencil sharpeners in class. These should be the kind that catches the shavings.
