## School Supplies

A number of students are running very low on basic school supplies like pencils, colored pencils, crayons and erasers. Please check with your child to see if he or she needs any supplies. Also, students are allowed to have hand pencil sharpeners in class. These should be the kind that catches the shavings.

## Fun Swim

Our class has a fun swim scheduled for Thursday, February 12. Students will need to bring a swimsuit and towel for the fun swim.

## Math

We have started to learn how to regroup (carry) when doing addition problems. I have shown students two different ways of doing these problems. I allow students to choose the method they like for both class assignments and for homework. Also, students could use to have a ruler in class the rest of the school year.
